Dear Hiring Manager,

I'm delighted to be applying for this role at your company. I am an adaptable, creative and driven individual committed to continuous improvement and impacting team success with 2 years of expertise in reporting, analysis and consulting. Proficient in Excel, SQL and Power BI, seeking an opportunity to utilize analytical and problem-solving abilities to provide valuable insights and support business decision-making

.

Over the course of my tenure in this role, I have conducted numerous research and analysis that provided key market insights, industry trends, merchant data and competitor analysis of which were instrumental in adopting the right Go-To-Market strategies for 2020 and 2021 respectively.

I'm highly motivated and detail-oriented data analyst with a strong educational background in E-commerce. I am seeking an entry-level position as a data analyst to apply my analytical skills, data manipulation expertise, and passion for uncovering insights from complex datasets.

I am really excited about the possibility of joining your team. I look forward to speaking with you to learn more about what you are looking for in this role, I have no doubt that my background in both business skills and analytics will make me an ideal candidate for this role.

Sincerely,

Huynh Bao Tran
